Lancaster County Grown Seed Wheat

These prices are subject to change without notice.

These prices are freight paid on orders of 200 pounds or more.

Add "EXTRA" for postage if you want seeds sent by mail.

CERTIFIED THORNE WHEAT. *Beardless.* One of the most popular varieties today. Stiff straw. Yields very good. Sow 1½ bushels per acre. The supply of Certified Thorne wheat is not too plenty this year. We look for an unusual demand and orders will be received until our supply is exhausted.

THORNE WHEAT. Can furnish Thorne wheat that is not Certified. A good part of our supply was grown from Certified seed. All our crops were inspected in the field before the grain was cut.

PENNA. 44. Bearded. We have a limited supply of Penna. 44. Straw long and stiff. Sow $1\frac{3}{4}$ bushels per acre.

WONG BARLEY. We will not be able to furnish any Certified Wong Barley this season. Barley supply will be short. Wong Barley is stiff in the straw, which makes it a good variety for combining. Sow two bushels per acre.

WINTER OATS. Lee cold proof. Recommended for Va., Md., Del., N. J., and Southern Penna. Extreme winter resistant. High yielder.

TIMOTHY SEED. Our fancy Timothy seed tests 99.60% Pure or better. Practically free from weeds. The cream of the crop. Order your Timothy seed along with your seed wheat.
